Hi Dale,

We discussed this last Monday; you were on the phone during our meeting in Sacramento.

EPA has completed a review of the Alon Refinery Aquifer Exemption package. I copied you on the letter we sent to them last Friday indicating the application was incomplete. The attached document, which is DRAFT ONLY, is provided to you for your information and for our continued coordination. You indicated last Monday that you would be speaking with Clay on Friday, and that perhaps this week we might talk about the comments the Regional Board has on the package. Can we set up a teleconference call to discuss our responses to Alon?

Thanks, Michele
